EDUCATION

Bachelor of Arts | *Major: Computer Science, Minor: Mathematics*
American University in Bulgaria

Sept. 2017 – Present
Blagoevgrad, Bulgaria

EXPERIENCE

Software Engineer

The HUB NGO, Unimorph Project

- Worked in Database design, implementation and Project API

March 2020 – Present
Freelancing

Software Developer

cData Software Albania

- Built Rest APIs

May 2017 – August 2017
Tirana, Albania

PROJECTS

Unimorph Language Processing Web (in progress) | *Django, Postgres, React*

An intuitive web app to access Unimorph linguistic data for many languages (110)

Fall 2020
unimorph.ethz.ch

Path-Finding Algorithm Visualizer | *C-sharp, Windows Forms*

Visualization of basic to advanced Path-finding algorithms using C sharp Windows Forms.

Feb. 2020

Boyer-Moore algorithm Illustration | *C++*

Stimulates a step-by-step solution of pattern matching

April 2020

Programming Contest Organizer | *AUBG*

Prepared and supervised a Programming Competitions for fellow students in my university + Tutorial

Fall 2019

More implementations of algorithms/projects in my GitHub

github.com/l4z0-space

HONORS AND AWARDS

4th Place in 32nd Bulgarian National Programming competition

Team of 3 representing our university

May 2020

President's List

Award given for top GPA performers in university

All semesters

2nd Place Bulgarian Inter-University Programming competition

Team of 3 representing our university

April 2020

1st Place AUBG Annual Programming contest

Individual competition among university students

March 2020

Southeastern ICPC Participant

Participated in regional programming competition

November 2019

3rd Place AUBG Annual Programming contest

Individual competition among university students

April 2018, March 2019

PROGRAMMING TECH

Technologies: Django-Rest, PostGres, MongoDB, ReactJS, ExpressJS, GraphQL, Flask, Windows Forms,

Languages: JavaScript, Python, C++, C-sharp, Matlab, Java

RECOMMENDATIONS
